

# Speech for Purple Carnival

From: SUFIA MOHD.

*Assalamualaikum Warahmatullahi Wabarakatu, Salam Sejahtera and a very good evening to all who are present today.*

Alhamdulillah, with god's blessing, the purple carnival that has been held for the last 3 days has come to its end with such success. I would like to congratulate fellow committee that has sacrificed their time and energy to this event and also not forgetting to all the others that has contributed in their own ways.

The purpose of Purple Carnival is to introduce the new elected student representatives for 2010 session to the community of Cyberjaya University College of Medical Sciences (CUCMS) where the students as the target group. This event is an essential step for the students and societies to get to know the Student Council in this college.

During the past 3 days of the event, I have been informed that many activities have been done such as CUCMS Song & Lyrics writing contest, purple hunt, crossword and clip-video contest. Hopefully all students enjoyed this event.

With this end to purple carnival, it's expected that all students have benefit in a way that they obtain more information about the student council committee and clubs that we have in our college.

In times to come may more events like this be held for the advantage of all students of CUCMS.

Thank you,

Dato' Prof. Dr. Abu Abdullah

*Dear Prof. Dr. Abu Abdullah,  
I am very happy to hear from you.  
Thank you very much.*
